**COLD STREAM CAMPOWNERS ASSOCIATION, INC.
WATER QUALITY GRANT COMMITTEE
APPLICATION PROCEDURE**

- 1 Committee receives applications at Chairman's house by June First annually

- 2 Before July 1st Committee reviews all applications and determines if project(s) meet(s) all grant criteria. Applications that do not meet criteria are set aside, with a letter written to applicants stating reason(s) for denial.

- 3 For applications meeting criteria, Between July 1st - July 15th Committee will perform site visits of all project locations with the Department of Environmental Protection, Soil & Water Conservation Department, and Town's Code Enforcement Officer.

- 4 The above individuals will then work with the grant committee in prioritizing all grant applications, whereby the top priorities will be the projects that will most improve water quality.

- 5 Once prioritized, applications will be given a final review and the grant awards will be authorized and approved.

- 6 At the annual meeting the grant award recipients and projects to be performed will be announced.

- 7 Upon project completion the Awardee will notify the Water Quality Committee, the project is completed, and ready for inspection.

- 8 The Water Quality Committee will set up a date with the Awardee and Town's Code Enforcement Officer for the Final Site Visit.

- 9 Upon determination of adequate project completion the Grant Application will be filled out and submitted to the Treasurer of the CSCOA for payment, with original contractor invoice or material(s) invoices.
